

[Information on disposal of products]

This symbol means that waste electrical and electronic equipment (E-Waste) shall not be disposed to garbage bins as municipal waste. If you intend to replace or recycle your product, you may call our helpline. We shall depute an Authorised E-Waste Collection Agent or our Service Provider to take back the product for proper recycling through Government-approved recycling centres. Do not dismantle your product by your own, improper handling of the product might pose serious health and environmental hazards. For more information on the E-Waste management, please visit our website at <https://www.fujitsu-general.com/g-in/epr-e-waste/index.html>.

[Information on hazardous substances]

Our products comply with Article 16(1) of the E-Waste (Management) Second Amendment Rules, 2023 as amended and do not contain 6 hazardous substances (Pb, Cd, Hg, Cr 6+ , PBBs and PBDEs) except for exemptions set out in Schedule II & II A of the Rules.
